

# FRESH AIR MOBILE

Our pocket-sized purifier provides clean, healthy air when you're on the go; significantly reducing surface and airborne contaminants, odors and pollutants in the areas where you spend your time.

## WHAT'S POLLUTING YOUR AIR?

- VOCs, smoke and odors
- Pollen, dust and dander
- Residue from cleaning chemicals
- Mold and fungal spores
- Poor indoor air quality
- Exhaust from other vehicles
- Stale air from the air conditioner/heater

## WHAT IT DOES

- Our proprietary ActivePure® Technology destroys up to 99% of surface and airborne contaminants
- Touch sensitive settings to provide ease of operation and function
- Disinfects surfaces and air, removes VOCs, smoke and odors
- Reduces airborne contaminants and allergens that can trigger asthma and allergy symptoms
- Freshens air and removes odors
- Reduces dirt and dust from the air to make cleaning easier
- Creates healthy, pure indoor spaces

## SO WHAT IS ACTIVEPURE® TECHNOLOGY?

ActivePure is based on technology originally developed by NASA. It is proven to reduce over 99% of surface micro-organisms and dramatically reduce airborne contaminants and allergens in the air.

*In 2017, ActivePure® Technology was inducted into the Space Technology Hall of Fame by The Space Foundation.*

## HOW ACTIVEPURE® WORKS

ActivePure® has been tested in independent labs and proven to reduce and eliminate viruses, bacteria, mold and fungi on surfaces and in the air.

It works by harnessing microscopic oxygen and water molecules in the air that then go through our purification units, which are equipped with an ActivePure® honeycomb matrix.

While inside the matrix, the molecules are transformed into friendly-yet-powerful oxidizers. As they're released back into the air, these supercharged ActivePure® molecules seek and rapidly destroy contaminants, fungi, mold, and odor-causing bacteria – even ones that try to hide in hard-to-reach places.

## FEATURES

- Multiple settings to customize and optimize the usage for multiple environments
- Uses a high intensity UVC light to oxidize and ionize the air
- Base is designed with multiple mounting options
- Wire Stand allows for independent use from the base and various options to set or hang the unit
- Comes with both a 12 volt DC car adapter and a 100 - 240 volt 50/60 Hz AC adapter with interchangeable plugs
- Replaceable ActivePure® Cell

### HOW IT HELPS YOU

- Contaminate-free surfaces
- Improved air quality
- Fewer sick days and cold/flu outbreaks
- Odor-free air year round
- Healthier air to breathe when traveling
- Less allergens in the air to trigger allergy symptoms

### FRESHAIR MOBILE IS PERFECT FOR:

- People concerned with reducing contaminants on surfaces and in the air wherever they go
- Allergy or asthma sufferers
- People with sensitive or compromised immune systems
- Business commuters
- Families on the go
